

AUDA StreetScape Update

August 31, 2011

CONSTRUCTION PROJECT UPDATE

From August 31st–September 7th, please anticipate construction work to continue between Elder's Station & Pine Street on Lincoln Way. Due to the holiday, no construction work will take place on Monday, September 5th. Hansen Brothers will complete the trench paving by Wednesday of this week. The curb and gutter will be framed up Wednesday and Thursday of this week by Hemington Landscape. The concrete for the curb and gutter is scheduled to be poured on Friday and Tuesday.

Construction is scheduled for Friday in the parking lot of 1025 Lincoln Way which facilitates the opening of the new concrete driveway. The sidewalk on the south side of the street is scheduled to be graded next week with the concrete scheduled to be poured late in the week.

Hansen Brothers will continue to have traffic control between Elder's Bus Station and Pine Street with one traffic lane open in each direction on Lincoln Way to facilitate the trenching work. The lanes of traffic will shift according to the construction work.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next three months.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
